

Data Specification for
2019 HKDSE Results statistics

The general minimum requirement for admissions to first-degree courses in tertiary institutions is ‘core subjects at 3322’, which refers to attainment with level 3 in Chinese Language and English Language, and level 2 in Mathematics Compulsory Part and Liberal Studies, respectively. Some courses may require ‘core subjects at 3332’ which refers to attainment with level 3 in Chinese Language, English Language, and Mathematics Compulsory Part, and level 2 in Liberal Studies, respectively.

This dataset includes the following statistics:

- The general performance
- The general performance in the best five subjects
- The results statistics and grade point distribution for eligibility to sub-degree programmes / relevant civil service appointments
- The results statistics and grade point distribution related to university admission
- The performance of candidates with special needs
- The level distribution in both languages
- The level distribution in Mathematics Compulsory Part and Extended Part
- The top levels / grades statistics

2019 HKDSE Statistics for eligibility to sub-degree programmes / relevant civil service appointments - Grade point distribution in the best five subjects

Both Category A and Category B subjects are included in the calculation of the total grade points of the best five subjects shown in the table below. Level 5** in Category A subjects is counted as 7 points, level 5* as 6 points, level 5 as 5 points, level 4 as 4 points, level 3 as 3 points, level 2 as 2 points, and level 1 as 1 point. For Category B subjects, 'Attained with Distinction (II)' is given 4 points, 'Attained with Distinction (I)' and 'Attained with Distinction' 3 points, and 'Attained' 2 points. It should be noted that the score distribution table only serves as a reference and admission to any programme offered by individual universities / institutions will depend on a number of factors including specific programme requirements, the number of applicants and places offered, and candidates' Student Learning Profile and performance at interviews, etc.
